Minutes from the February 6, 2017 meeting was read, motion by Greg Wendling, second by Scott Wendling to accept the minutes as read, motion carried.

We discussed some of the weed/grass ordinance that other neighboring townships have, and developed one that would apply to our township we would like to have our public hearing for our June meeting.

We discussed our large animal ordinance that we have and are going to modify our ordinance to accommodate our township better. We will like to have this discussed at our public hearing in June also.

We reviewed our wind energy ordinance and it only applies to residential wind energy stations, not the commercial wind farms. We talked on how or if we want to do anything for the commercial wind farms. We decided that we would use the state regulations for any ordinances that we would need in our township for a wind farm.

Ray was going to attend a meeting at the Kof C from the wind companies and fill us in at future meetings

Motion to adjourn by Scott Wendling, second by Ray Birchmeier, motion carried. Time 8:09 p.m.
